The Water Efficient Landscape Ordinance (WELO)

WELO is a statewide water conservation law for new and renovated landscapes.*

The ordinance applies to any single-family or multi-family residential, public, institutional, or commercial project.

How does the ordinance affect you? WELO applies to any project that:

- requires a permit, plan check, or design review from the local reviewing agency
- is a new construction project with a total landscape area greater than 500 square feet
- is a rehabilitation of an existing landscape with a total landscape area greater than 2,500 square feet

For more info, visit StopWaste.org/WELO

SERVICE REMINDER

California Law Requires Recycling & Composting

Participating fully in an organics and recycling waste diversion program is now required for every resident and business in the City of San Leandro.

WE CAN HELP!

Contact ACI today to start or improve your recycling and organics collection services and request assistance with waste assessments, program posters/flyers, and employee/tenant education and training.

Proper Sorting Starts With You. We Thank You for all of Your Efforts.

SAY "NO" TO CONTAMINANTS! GARBAGE and **ORGANICS** **DO NOT** belong in the **RECYCLABLES** bin. Visit SanLeandroSorts.com for an online guide of what goes where and a video that shows what happens to your **RECYCLABLES** after they are collected.

MAINTAIN A CLEAN STREAM! Empty, rinse, or wipe recyclable plastic, metal, and glass food containers before placing them in the **RECYCLABLES** bin.

KEEP AN EYE ON SIZE! Corrugated cardboard and paper boxes should be flattened and large pieces cut to 2' x 3' or smaller. This creates more room in the recycling bin, prevents overflow and litter, and keeps materials from getting stuck in carts and blocking the hopper of the collection vehicles.

Online Guide for Reuse, Repair, Recycling, & Safe Disposal
